

# Contents

<b>0 Notation and Convention</b>	<b>1</b>
<b>1 Introduction</b>	<b>3</b>
1.1 Introduction . . . . .	3
1.2 Main Model and its Assumptions . . . . .	4
1.3 Test Statistics and Stopping Times . . . . .	7
<b>2 Change-Point Analysis of the Correlations under Known Means and Variances</b>	<b>11</b>
2.1 A Posteriori Analysis under General Dependency Framework . . . . .	11
2.1.1 Testing under a Functional Central Limit Theorem . . . . .	11
2.1.2 Change-Point Estimation . . . . .	18
2.1.3 Long-run Variance Estimation . . . . .	28
2.2 Sequential Analysis under General Dependency Framework . . . . .	30
2.2.1 Closed-end Procedure . . . . .	30
2.2.2 Open-end Procedure . . . . .	32
2.3 Examples . . . . .	37
2.3.1 Identical Independent Distribution . . . . .	37
2.3.2 Mixing . . . . .	40
2.3.3 Near Epoch Dependent . . . . .	41
2.3.4 Time Series . . . . .	44
<b>3 Assumptions on the Unknown Means and Variances</b>	<b>47</b>
3.1 Assumptions in the a Posteriori Analysis . . . . .	47
3.2 Assumptions in the Sequential Analysis . . . . .	51
<b>4 Change-Point Analysis of the Correlation under Unknown Means and Known Variances</b>	<b>53</b>
4.1 A Posteriori Analysis under a General Dependency Framework and General Mean Estimates . . . . .	53
4.1.1 Testing under a Functional Central Limit Theorem and Unknown Means . . . . .	53
4.1.2 Change-Point Estimation under Unknown Means . . . . .	60
4.1.3 Long-run Variance Estimation under Unknown Means . . . . .	72
4.2 Sequential Analysis under a General Dependency Framework and General Mean Estimates	78
4.2.1 Closed-end Procedure under Unknown Means . . . . .	78
4.2.2 Open-end under Unknown Means . . . . .	82
4.3 Examples . . . . .	85
4.3.1 Constant Means . . . . .	85
4.3.2 Non-constant Means . . . . .	86
<b>5 Change-Point Analysis of the Correlation under Known Means and Unknown Variances</b>	<b>93</b>
5.1 A Posteriori Analysis under a General Dependency Framework and General Variance Estimates . . . . .	93
5.1.1 Testing under a Functional Central Limit Theorem and General Variance Estimates . . . . .	93
5.1.2 Change-Point Estimation under Unknown Variances . . . . .	100
5.1.3 Long-run Variance Estimation under Unknown Variances . . . . .	103
5.2 Sequential Analysis under a General Dependency Framework and General Variance Estimates . . . . .	109
5.2.1 Closed-end Procedure under Unknown Variances . . . . .	109
5.2.2 Open-end Procedure under Unknown Variances . . . . .	113
5.3 Examples . . . . .	115
5.3.1 Constant Variances . . . . .	115

5.3.2	Non-constant Variances . . . . .	116
<b>6</b>	<b>Change-Point Analysis of the Correlation under Unknown Means and Variances</b>	<b>119</b>
6.1	A Posteriori Analysis under a General Dependency Framework, General Mean and Variance Estimates . . . . .	119
6.1.1	Testing under a Functional Central Limit Theorem, General Mean and Variance Estimates . . . . .	119
6.1.2	Change-Point Estimation under Unknown Means and Variances . . . . .	121
6.1.3	Long-run Variance Estimation under Unknown Means and Variances . . . . .	123
6.2	Sequential Analysis under General Dependency Framework and General Variance and Mean Estimates . . . . .	126
6.2.1	Closed-end Procedure with Unknown Means and Variances . . . . .	126
6.2.2	Open-end with Unknown Means and Variances . . . . .	127
6.3	Examples . . . . .	129
6.3.1	Constant Parameters . . . . .	129
6.3.2	Non-constant Parameters . . . . .	130
<b>7</b>	<b>Simulation Study</b>	<b>131</b>
7.1	A Posteriori Testing . . . . .	131
7.1.1	Influence of the Mean Estimates under $H_0$ . . . . .	133
7.1.2	Influence of the Variance Estimates under $H_0$ . . . . .	139
7.1.3	Influence of the Combination of Mean and Variance Estimates under $H_0$ . . . . .	143
7.1.4	Asymptotic Power . . . . .	146
7.2	Sequential Analysis . . . . .	153
7.2.1	Influence of the Mean Estimates under $H_0^{(2)}$ . . . . .	155
7.2.2	Influence of the Variance Estimates under $H_0^{(2)}$ and Known Means . . . . .	157
7.2.3	Influence of the Combination of Mean and Variance Estimates under $H_0^{(2)}$ . . . . .	159
7.2.4	Stopping behavior under some Alternatives . . . . .	160
7.3	Change-Point Estimation . . . . .	168
7.4	Real Data Application . . . . .	174
<b>A</b>	<b>Proofs of Section 2</b>	<b>177</b>
<b>B</b>	<b>Lemmas for the Main Results</b>	<b>183</b>
